

LOWER YOUR WATER BILL

Goodyear Businesses & Organizations

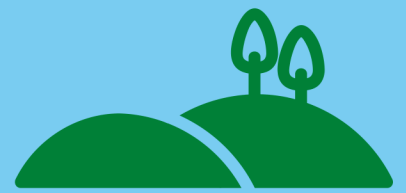

Goodyear Water Specialists can help.

1) 20 MINUTES

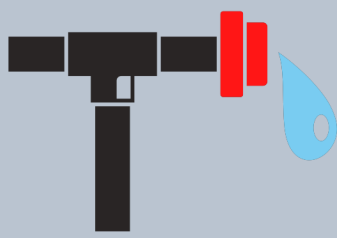

Meet with a Goodyear Water Specialist virtually or in person to identify:

- a) What are your goals around water?
- b) Potential for your specific property.

\$\$ Free & easy savings = most organizations use more water outdoors than their plants need.

\$\$ Instant savings = most organizations have at least one medium to large leak somewhere on property.

2) SITE VISIT

Meet with a Goodyear Water Specialist on property if needed to identify leaks and dollar saving opportunities.

3) IMPLEMENT MONEY AND WATER SAVING ACTIONS

- a) Leverage any Goodyear Water incentives and technical assistance to enhance the return on investment.
- b) Help meet your company's goals and metrics.

\$\$ ROI = We'll work with you to ensure recommended actions make financial sense for your organization.
