

# Soils Report Review Verification Form

Development Services 1900 North Civic Square, Second Floor, Goodyear, AZ 85395 (623) 932-3004, Opt 2

Date: \_\_\_\_\_

Subdivision: \_\_\_\_\_

A soil investigation was conducted by \_\_\_\_\_  
and labeled project number \_\_\_\_\_ dated \_\_\_\_\_.  
As the Engineer of record for the above project, I have reviewed this soils report  
and have designed the following foundation: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

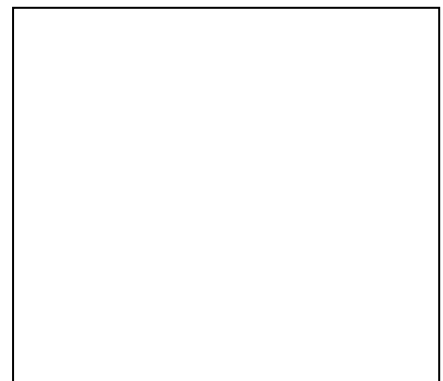

The foundation has been designed to an allowable soil bearing of \_\_\_\_\_  
at a depth of below natural grade. This bearing pressure can be attained provided  
the earthwork is accomplished in accordance with the recommendations of the  
soils engineer in the soils report. The following are additional requirements or  
information regarding the soil conditions of this property: \_\_\_\_\_
