INITIATIVE

Francisca Jimenez Senior Account Clerk, Finance

How long have you worked for the city?

I have worked here for a little over four years. I started with city's Utilities Department, and I was given the opportunity to move over to Finance.

What are you currently working on?

At this time in the payroll world, we are extremely busy working on implementing a new payroll software, so we're holding additional trainings to make sure all our employees get paid and get paid correctly. I know that by working together and having some patience, our great team can accomplish this.

Favorite thing about working for the city?

The city really cares about all of its employees and takes care of our everyday needs, as well as those of our residents. There is also a great balance between work and personal life.

Favorite Core Value:

I can relate to all of our Core Values in one way or another, so it is hard to only pick one. I'd have to say optimism. I am a strong believer that anything can happen if you put your mind and work into it and learn from your mistakes.

What do you like to do in your spare time?

I love to go shopping, and I don't mean grocery shopping! I also like to go dancing, and very much enjoy watching my kids play club soccer.
