**Heather Saunders
Public Works**

How long have you worked for the city?

28 years! I started as a senior in high school through the Diversified Cooperative Education program at Agua Fria High School.

What are you currently working on?

I am always working on budget activities and getting ready to conduct a self-assessment of the Public Works Department through the American Public Works Associations' management practices.

Favorite thing about working for the city?

Every day is different! You may work on the same tasks and projects, but there's always something new and different to keep it interesting.

Favorite Core Value:

Adaptability. The only constant is change!

What do you like to do in your spare time?

Travel! I've been able to combine my love of travel with my heart for serving on foreign mission trips in Haiti, Ireland, and Honduras.
