## Alissa Magley City Clerk's Office

### How long have you worked for the city?

Almost two years.

### What are you currently working on?

Special events; legal advertising; Public Safety Personnel Retirement Board scheduling and agendas; and so many standard operating procedures— they always need updating.

### Favorite thing about working for the city?

The emphasis placed on continuous improvement. From my department to the city as a whole, everyone is constantly looking for ways to keep Goodyear at the forefront. From city-administrated trainings to statewide academies, the city has empowered me to expand upon my career experience and knowledge, and I am truly grateful for that.

### Favorite Core Value:

Adaptability, as it makes all of the other core values possible and is truly needed for success.

### What do you like to do in your spare time?

I have a little farm, so I love hanging out at home and taking care of all my animals, especially my newest addition, Pickle. That's the pig my sister gave me for Christmas.

### Fast Facts

Favorite kind of music:  
**Classical**

Favorite book:  
**Johnathan Strange and Mr. Norrell**

Dream Vacation:  
**Ireland, and I'm going this year!**

If I won \$1 million:  
**I would buy a few hundred acres and have a ridiculous amount of animals.**

What did you want to be when you grew up:  
**A book critic**
