Human Resources

How long have you worked for the city?

Thirteen years in October.

What do you do?

I'm in Human Resources. I'm currently working on new fiscal year recruitments, continuous improvement projects and rolling out the city's core values.

Favorite thing about working for the city?

The people, of course!

Favorite Core Value:

Although they are all equally important, I would say adaptability. Being adaptable is a core value that will help you be successful in any environment!

What do you like to do in your spare time?

When I am not at the baseball or soccer field with my kids (which is most of my life!), I enjoy traveling with my husband and happy hour.
