Public Works—Facilities Management

How long have you worked for the city?

Two-and-a-half years.

What do you do?

Facilities Management maintains all city facilities, which includes safety, functionality, comfort, and the efficiency of each facility. As Facilities Superintendent, I manage resources and lead operations to provide core services to our customers.

Favorite core value:

Adaptability! Every day in Facilities Management, we do not know how many calls we will get, where they will be coming from, and how critical they will be.

What do you like to do in your spare time?

I like to spend time with my friends and family, which usually includes live music, playing cards, vacationing in Mexico, and bike riding (Single Speed Society).
