**How long have you worked for the city:**

Almost three years.

**What do you do:**

I work in the Finance Department. I am the city's Procurement Card Program Administrator, I participate in Lean initiatives, and I assist with many various projects within Finance and across other departments, such as User Fees and the 2020 Utility Rate Study.

**Favorite thing about working for the city:**

Work feels like a home away from home. I have great relationships with my coworkers and am proud to be part of such a positive culture.

Empathy is my favorite core value. Empathy allows us to have a "human connection" with one another beyond our job titles and brings us together as a team through cooperation, commitment and understanding.

**What do you like to do in your spare time:**

I enjoy spending time with family and friends, trying new recipes and weekend getaways.
