ADAPTABILITY

INITIATIVE

## Craig Lynch Public Works

### How long have you worked for the city:

A little over a year. I started in April 2019.

### What do you do:

I am the supervisor for the stormwater division. My division ensures compliance with the federal and state permits in regards to stormwater. We perform activities from festivals/outreach and storm system management to compliance inspections and training. Our objective is to educate the public and manage city assets to reduce the amount of pollutants in the city's stormwater runoff

### Favorite thing about working for the city:

My favorite thing about working for the city is the culture. Every day feels like working with family. Public Works has a tight-knit group that delivers extraordinary service to the citizens of Goodyear, and I am thankful to be a part of the team.

### Favorite core value:

My favorite core value has always been Integrity. I believe the most important thing in any team/workgroup is trust and reliability. Although, the beginning of the year has thrown some curveballs that has made adaptability a very relevant core value to focus on.

### What do you like to do in your spare time:

I like to ride motorcycles on my spare time. I am a part of a nonprofit organization that raises money for veteran charities. We also like to mentor inexperienced riders to teach them motorcycle safety and awareness, specifically younger military personnel.

### Fast Facts

What did you want to be when you grew up:

**Veterinarian.**

If you could have one superpower:  
**I would like to be able to fly. I'd save a ton on gas.**

Favorite apps:  
**Amazon and Fender Play.**

Favorite movie/book:  
**I like historically accurate films/books that pertain to military strategy or expertise.**

Dream vacation:  
**A one-week hunting trip to Montana/Wyoming.**
