**How long have you worked for the city:**

One year.

**What do you do:**

I'm a customer service representative. I process various reports and applications, answer phones, answer customer questions (both internal and external) and resolve issues, and work on special projects, as needed. I work with a great team who supports and assists when needed.

**Favorite thing about working for the city:**

I moved to Goodyear 20 years ago, and I have seen this city grow from 17,000 to more than 85,000 people. The changes are amazing. Visitors like what is going on within the city. We have a great team leading our city to achieve what our residents want.

All of the city's core values play an important role, not just in our organization, but also in our personal lives.
