What do you do:

I am a civil inspector for the Engineering Department. As part of my duties, I inspect roads, traffic signals, street lights, landscape, and water and sewer lines for residential, commercial and the city's right-of-way.

Where did you work before:

I worked for a civil engineer company called RAM Engineering.

Favorite thing about working for the city:

Seeing the city grow and being a part of it.

Favorite core value:

My favorite core value is integrity, because I hold myself to being as honest and trustworthy as I can be.

Advice for someone entering your field of work:

Study the specs and pay attention to detail.
