## CORE VALUES

EMPATHY

OPTIMISM

INTEGRITY

INNOVATION

ADAPTABILITY

INITIATIVE

### Where did you work before this position?

I worked at the City of Scottsdale for 21 years in traffic engineering/transit.

### Explain what you do:

I will be supervising, coordinating and attending to facility maintenance issues and requests for the new city hall at Goodyear Civic Square, the Goodyear Rec Center and Goodyear Park and Ride.

### Favorite thing about working for the city:

As a new employee, I have really enjoyed how friendly and welcoming everyone has been.

### Favorite core value:

My favorite core value so far has been innovation. We live in an ever-changing world and things can change in an instant and being resourceful and having the support and courage to find a possible new solution to a problem or challenge is exciting to me.

### What do you do for fun when you're not working?

I like to ride my vintage Schwinn bicycles, and I also like to disc golf. Hopefully, the city of Goodyear can look into adding some disc golf holes in a park somewhere.

### Favorite book or movie:

*Ender's Game* by Orson Scott Card. They made a movie, too, but I have read the book about 20 times. It has taught me insights on how to think critically and analyze problems.

### Favorite sports team:

I have always been a Phoenix Suns fan. Go, Suns!

### Dream vacation:

I have always wanted to go to Spain; however, I just booked a Maui getaway for 10 days, and I am pretty excited about that.

### Favorite quote:

"Life is like riding a bicycle. To keep your balance, you must keep moving." - Albert Einstein
