DEVELOPMENT AGREEMENT (WATER SERVICE)

THIS DEVELOPMENT AGREEMENT (WATER SERVICE) (the “**Agreement**”) is entered into this _____ day of _____ 2024 by and between OLAM PHOENIX ARIZONA, LLC, a Delaware limited liability company (“**Owner**”) and the CITY OF GOODYEAR, an Arizona municipal corporation in the State of Arizona (the “**City**”). The City and Owner may hereinafter be collectively referred to as the “**Parties**” and, individually, as a “**Party**.”

RECITALS

A. Owner owns real property within the City consisting of approximately 42.11 acres located at the southeast corner of Citrus Road and McDowell Road, and more particularly described in Exhibit A attached hereto and made a part hereof (the “**Property**”). The Property is located adjacent to Interstate I-10 near the intersection of I-10 and the Loop 303 highway.

B. The Property was rezoned by the City per Ordinance No. 2023-1578 (the “**Ordinance**”) on September 25, 2023. Although the Property is located within the City’s water service area, Owner asked the City to allow EPCOR Water Arizona, Inc. (“**EPCOR**”) to provide water service so Owner could avoid the additional expense of constructing the infrastructure required for the City to provide water service to the Property.

C. The City in the Ordinance conditioned the rezoning of the Property on, among other things, the approval or authorization of the Arizona Corporation Commission (the “**ACC**”) to extend EPCOR’s nearby water service Certificate of Convenience and Necessity (the “**CC&N**”) to include the Property.

D. The City understands that EPCOR is willing to extend permanent water service to the Property without also extending EPCOR sewer service so long as EPCOR is provided with 114.5 acre-feet of a non-groundwater source of water acceptable to EPCOR. The City will provide sewer service to the Property and agrees to provide to EPCOR 114.5 acre-feet of a non-groundwater source of water acceptable to EPCOR comprising a portion of the water used by EPCOR in its water service to the Property.

E. In furtherance of the foregoing, the City is willing to transfer to EPCOR a one-time quantity of 114.5 acre-feet of Central Arizona Project Long-Term Storage Credits (“**LTSCs**”) stored in the Maricopa County Municipal Water Conservation District No. 1 Groundwater Savings Facility under the terms of this Agreement to support EPCOR’s agreement to provide permanent

water service the Property, thus relieving the City of the burden to operate and manage water distribution facilities to the Property.

F. Owner and the City desire to enter into this Agreement to set forth their understanding as to each Party's responsibility for certain actions regarding the arrangement of EPCOR potable and fire water service to the Property. This Agreement is not intended to supersede or waive any rezoning condition or stipulation contained in the Ordinance, or any other development requirement not specifically addressed herein regarding water service for the Property.

G. The Parties understand and acknowledge that this Agreement is a "Development Agreement" within the meaning of and entered into pursuant to the terms of Arizona Revised Statutes section 9-500.05, to facilitate the proper municipal zoning designation and development of the Property by providing for, among other things, conditions, terms, restrictions and requirements related to infrastructure improvements. The terms of this Agreement shall constitute covenants running with the Property as more fully described in this Agreement.

H. The City's governing body has authorized execution of this Agreement by Resolution No. 2024-2410, to which this Agreement is attached.

Upon EPCOR's written confirmation that the LTSC transfer is completed, or EPCOR's written confirmation to both Owner and the City that an alternate water source has been transferred as provided in Section 4, the City shall have no further obligation to provide to Owner or to the Property any amount of water supply or water service.

7. Disclaimer of Warranty. City makes absolutely no warranty, express or implied, to Owner or to EPCOR regarding the quality of the water, or the quality and quantity of water service, to be transferred to and provided by EPCOR, its fitness or sufficiency thereof.

8. City Permits. No permits shall be issued for any work within the Property except for mass grading until all applicable conditions of the Ordinance have been satisfied.
