Goodyear Public Works: (623) 932-3010 Option 4

We are committed to proactive planning and addressing the needs of our community.

Our Fiscal Year 2025 Pavement Management program maintains the structural integrity of one of our city's most important and valuable assets: our streets.

A successful and comprehensive pavement management program includes a variety of pavement treatment types and utilizes the right pavement treatment for the right streets and the right pavement condition.

We also prioritize open communication and collaboration with the community during construction, ensuring we meet residents' needs while upholding high infrastructure standards.

We appreciate your support and realize that this project may be of some inconvenience in the short term, but will provide long term benefits for our community.

Project Personnel:

City of Goodyear
Tina Sims, Pavement Management Coordinator
Public Works Department

Weems Asphalt
Ray Cauiola, Project Manager

IMPORTANT NOTICE:
Road Construction
Expect Delays
Estrella Parkway will be restricted to 1 travel lane for North and South bound traffic.

Construction Notice:

The City of Goodyear Public Works Department will be performing a Mill and Overlay project on Estrella Parkway from Yuma Road to Illini Road. Project duration is anticipated to be November 11th - 19th.

Estrella Parkway project will be a Mill and Overlay treatment, in which the first 2 inches of pavement will be milled off and replaced with 2 inches of fresh asphalt. This is commonly used on roads where the surface has deteriorated to a point where other treatments are no longer effective. This will extend the useful life of the pavement and reset the treatment cycle of the roadway.

You will see construction equipment and crews of Weems Asphalt, the contractor to the City on this project.

Additional Restrictions:

- 1) Goodyear Blvd will be closed entering onto Estrella Pkwy
- 2) Ballpark Village Blvd West side of Estrella Pkwy - Right Turn Only onto Estrella Pkwy
